

Closing Costs & Taxes

The buyer and seller will pay “closing” or settlement costs, an accumulation of separate charges paid to different entities for the professional services associated with the buying and selling of property.

Some closing costs might include real estate commissions, appraisal fees, loan fees, escrow charges, advance payments like property taxes (city and county), hazard insurance, title insurance, pest inspections, etc.

Keep in mind that your closing funds should be in the form of a cashier’s check made payable to the title company or escrow office in the amount requested, or by wired funds.

COMMON PROPERTY TAXES

City Transfer Tax

Tax paid to the local government as a percentage of the property’s value. The amount of the tax is usually based on a percentage of the property’s selling price, but the exact amount is determined by the city where the property is located.

County Transfer Tax

Tax paid to the county or local government as a percentage of the property’s value. The amount of the tax is usually based on a percentage of the property’s selling price, but the exact amount is determined by the county where the property is located.

Mello-Roos (California Only)

It is possible that the property you are buying is in a “Mello-Roos District” and that a special tax will apply. Mello-Roos is the common name for the 1982 Community Facilities District Act. This Act authorizes local governments and developers to create Community Facilities Districts (“CFDs”) for the purpose of selling tax exempt bonds to fund public improvements (such as streets, water, sewage and drainage, electricity, infrastructure, schools, parks and police protection). Property owners that participate in a CFD pay a special tax to repay the bonds.

The Mello-Roos tax stays in effect until the bonds are paid off. Sometimes after the bonds are paid off, a CFD will continue to charge a reduced fee to maintain the improvements. This tax is typically included in the annual county property tax bill, and is subject to the same penalties that apply to regular property taxes. If the Mello-Roos tax is not paid, the District may exercise its legal right to foreclose and sell the property.

Under Proposition 13, Mello-Roos taxes are not based on the value of the property. Instead, they are apportioned by taking into account property characteristics (e.g., the use of the property, square footage of the structure, and lot size). The District submits the tax charges to the County, who adds them to your annual Property Tax Bill. Charges for this tax vary, but they do not exceed the maximum amount specified when the CFD was created. When there is a new purchase of a house in a subdivision, the maximum of the tax will be specified in the public report.
